Place of birth: Ain Oulmane  
Driver's license: 100040, 0702010007  
Gender: Male  
Nationality: Algerian  
Civil status: Single

## PROFILE

I am **Djaber Boukthir**, third-year computer science student at the University of Ferhat Abbas Setif, Algeria, I'm a highly motivated and dedicated individual with a passion for excellence and helping others. **Thanks to these qualities**, I have developed a diverse skill set encompassing public speaking, design, development, training, organization, and leadership.

I served as the **president of the Setif Scientific Club** for a year and facilitated numerous workshops and courses in UI/UX and front-end development for university students, both on and off-campus, for two consecutive years.

As a **certified Train-the-Trainer in STEAM from World Learning Algeria**, I have conducted various workshops and courses in LEGO robotics, UI/UX, and front-end development for children under 18, in collaboration with World Learning and Bright School.

I have also taught Arduino at **King's Academy** to children under 11.

I worked as a **freelancer** for a period and am currently employed as a UI/UX designer and front-end developer at a **startup**.
